I remember my first kiss, back of theater yeah I almost missed
I remember my first car, yeah she got us to where we are
But she won't be the last

Chorus

You're still the last girl I kissed, and you're the only one I miss
I'd be lying to myself if I said that you're not the only one I'm dreaming of
You're still the only girl I know, who makes me feel a little less alone
If you had to ask me I guess that I'd say that I'm through with my firsts
You're still the last girl, you're still the last girl

I remember my first drink, we were up north did a little better than you might think
I remember my first love, but she won't compare to the last one I get from the good
Lord above

Chorus

You're still the last girl I kissed, and you're the only one I miss
I'd be lying to myself if I said that you're not the only one I'm dreaming of
You're still the only girl I know, who makes me feel a little less alone
If you had to ask me I guess that I'd say that I'm through with my firsts
You're still the last girl, you're still the last girl

Bridge

Driving down the highway with the only girl I know
Who can make my day just picking up the phone

Chorus

You're still the last girl I kissed, and you're the only one I miss
I'd be lying to myself if I said that you're not the only one I'm dreaming of
You're still the only girl I know, who makes me feel a little less alone
If you had to ask me I guess that I'd say that I'm through with my firsts
You're still the last girl, you're still the last girl

Chorus

You're still the last girl I kissed, and you're the only one I miss
I'd be lying to myself if I said that you're not the only one I'm dreaming of
You're still the only girl I know, who makes me feel a little less alone
If you had to ask me I guess that I'd say that I'm through with my firsts
You're still the last girl, you're still the last girl
